

## **The Healing Path 2.0**

The Healing Path 2.0 is a deeper curriculum for those that desire to wade into deeper waters in their healing journey. THP2 provides a thoughtful and safe place to look at the ways we've become ensnared. Through weekly times of teaching and small group prayer, our small group leaders walk with participants in their healing journey so they can live in freedom and truth. We pray for God's healing to restore broken areas of life so that people can "love well" as God intended.

The Healing Path 2.0 is a 10-week closed group for men and women seeking greater relational and emotional health in their lives. It is an intensive and unique small group. Ultimately, we learn how to press into Jesus more deeply, allowing Him to meet our needs and transform us for His Kingdom purposes.

Through the teaching, prayer and small groups we learn about: God's powerful love for us and how Jesus is central to our hope for wholeness. A greater awareness of the depth of our brokenness and our profound need for Jesus. The power of the cross to restore our souls and relationships. The process of walking out our healing. And finding our place in the church and loving others honorably.

Some of the topics we will cover: Despair, Abuse, Anger, Anxiety, Reckoning with Our Hearts, Protective Strategies, Unhealthy Yokes and Greater Self-Awareness.

The Healing Path 2.0 start date is still not determined. If you'd like to be considered, please contact David Alvarez at [david@the-healingpath.org](mailto:david@the-healingpath.org)

If you are accepted into the class, it is imperative that you attend every meeting because each teaching builds on the other from week to week. Grace obviously will be extended for sickness and work-related issues. You will be placed in a small group with several others where we hope to build trust and create a safe place to allow Jesus to come into your deep places of pain and your struggles. Your consistent participation is needful to build trust and safety within the group.
